

Molly and the Night Monster

From a much-loved, award-winning children's illustrator comes a soothing bedtime story with a big, reassuring hug of an ending. When Molly wakes up in the middle of the night, she hears the sound of a step on the stairs. It could be a crocodile creeping up to catch her. Or maybe it's a giant giraffe outside on the landing. Or possibly it's an enormous elephant turning the doorknob and opening the door. Perhaps it's even a night monster come to gobble her up. But when Molly surprises the tiptoeing beast, she gets an even bigger surprise of her own!
