

## The New Baby at Your House

Its natural for children to be concerned about the arrival of a new baby at their house. Most big brothers and sisters feel loving and tender one minute, angry or jealous the next. With over forty vivid full-color photographs and a clear, supportive text by award-winning author Joanna Cole, this revised edition of a much-loved classic will prepare children for the ups and downs of having a new baby in the house. Should help small children sort out and deal with the turbulent mixed feelings that assail them when a new baby comes home. --Benjamin Spock, MD., author of Baby and Child Care
