

Wicca (Resonants) (Volume 2)

When an ordinary teenage boy is infected with technology that helps him evade death at the hands of human traffickers, he unwittingly triggers a deadly response from two child witches. His new friend Tes knows who the enemy are but she's not saying, and they must face a terrifying being hell bent on their destruction. RESONANTS is set in a world that's familiar, but something ancient and sinister lurks just out of sight. They say myths and legends are rooted in actual events - RESONANTS reveals the truth behind them.
