

Incognito: Lost and Found at Harvard Divinity School

Filled with humor, insight, and faith, this true story tells how one young woman overcame challenges, stereotypes, and personal struggles at Harvard Divinity School and emerged an ordained minister. Filled with humor, insight, and faith, this true story tells how one woman overcame challenges, stereotypes, and personal struggles at Harvard Divinity School and emerged an ordained minister. As a bright young girl from Ohio, Andrea Raynor always wanted to be a doctor. Instead, she landed almost by accident at Harvard Divinity School, which, she quickly discovered, was no typical seminary. When she attended, in the 1980s, HDS was a place overflowing with creative expression and freedom of thought. Her classmates included two men who were undergoing sex changes and a woman who fancied herself a geisha. There was a lively gay and lesbian caucus, marches on Washington, civil disobedience, and more sexual intrigue than could be found in a stereotypical college fraternity house. Providing a birds-eye view of life within the hallowed halls (and beneath the crimson robes), *Incognito* is a humorous and poignant glimpse inside one of the nation's most revered institutions. It begins with the long drive from Ohio to Cambridge and ends at the bedside of a dying young woman. But the real story is about the challenges, surprises, and ultimately life-changing experiences Andrea faced on the road to understanding God's call for her life. From navigating relationships to exploring whether a pretty girl can truly wear a collar, *Incognito* tackles our assumptions about spirituality, the church, morality, and identity, and affirms that God often works in ways and in people we least expect.
