

The Rise of Team Scar

It is the year 2050 and Agent Esmeralda and Detective-in-training, Key, have traveled to Cairo, Egypt for a new case. An important potion, made in Team Shocks lab, with the power to completely change someones personality, has been swiped from a hotel room! Without letting anyone know who they are, they must work undercover to solve the case before the evil team, Team Scar uses their potion-or else its game over. A classic tale of Spy vs Spy!
