

Jimmy Jonny Brownie Stays Up All Night

A little boy finally gets what he's wished for his whole life: a chance to skip bedtime all together. With imaginative adventures through the night and amusing consequences the next day, this picturebook helps children figure out bedtimes on their own. While ideal for kids 4-8, any parent who has ever had trouble getting their little pumpkins to bed will enjoy it as well. Bing believes that kids are smart sponges of life, and that learning is a by-product of adventure. These concepts are reflected in Jimmy Jonny Brownie Stays Up All Night.
