

Wild Water Magic (A Stepping Stone Book(TM))

The reviews are in! Magical Mix-Ups is a high-quality, standout early chapter book series. Tate Willow is pretty and nice, and most people think shes smart. But Tate doesnt feel smart . . . until she falls into an old well in the backyard and her mind starts working double-time. She sails through her homework and can read a book in minutes. But keeping Tate in line is becoming a full-time job for her brothers and sister. Shes strangely attracted to water of all sortsstreams, sprinklers, waterfalls. Can they get herwild water magic under control?
