

## Princess of Death (Three Provinces Book 1)

Enter the world of Sumerian mythology... Ereshkigal was born in the dark, destined to have powers over death and destruction. As the princess of a land divided into light, grey, and dark, she will never be queen. Instead, her parents dote on her younger sister Ishtar, who was born in the grey land.

After meeting an intriguing demon prince, Ereshkigal embarks on many adventures including visiting a haunted plantation, an attack by zombies, and defeating an evil sorceress. These trials lead her to start a revolution to free her land of darkness from the stifling oppression brought on by the grey and light
