

## Beasts in the Closet

With unique, inventive illustrations, this rhyming tale follows a young boy who battles his fears of nighttime closets. Franklin, an average five-year-old, is cast as the hero in an age-old battle between children and the monsters who reside in their closets. Convinced that creatures in his closet lay in waiting, Franklin, armed with a toy slingshot and wild imagination, is determined to defend himself in both reality and his dreams. This book's playful yet educational tone helps children overcome any fears associated with darkened bedrooms.
