

Confessions of a Caffeinated Christian: Wide Awake and Not Alone

Caffeinated faith is the strength you need to admit that your life is not perfect and understand that Jesus wants you anyway. Life is messy, even for good people, but it is sometimes tough to face that fact; it seems easier and holier to pretend that everything is okay. John Fischer will encourage you to embrace full strength faith that is deeper and more dynamic than ever before. If you want a faith that is real, wake up to a full-strength faith in Him.
