

Long Black Stockings: A Turn Of The Century Memoir

Long Black Stockings by Ethel Soper is one of the most delightful and rewarding memoirs I have read in a long time. The details are exquisite and take one back to beloved books of childhood such as Little House on the Prairie while at the same time providing full grown-up fare for history buffs. Wry humor and insights are deftly woven throughout, making the reader smile precisely because the author is not trying to do anything but authentically tell her story. And a wonderful story it is.
