

Baby Einstein: See How I Feel

Is Van Goat in his `blue period` or is he just sad? And if he`s happy or excited, how can we tell? Delightful illustrations and an engaging narrative featuring Van Goat and his friends introduce children to the concept of emotions and help them understand how to identify and express their feelings. Each spread in this interactive story introduces children to a new emotion and features a Mylar panel that invites them to see what they look like when they are happy, sad, or excited.
