

# The Greenhouse

There are millions of marvellous things that happen in nature on any given day. For humble ant Nathan, being the leader hasn't been so difficult. Keeping the peace amongst numerous rival bugs took tireless effort. Now freak weather has caused his colony to face an uncertain future. Without any bright ideas what was an ant to do? Could an off chance meeting with a rebellious wasp bring new hope, or spell death at the evil hands of ghastly Mr Johnson? So please join me to find out in this exhilarating, stupendous and all-out, action-packed, career-defining heist.
