

Optimal Self-Acceptance

Optimal self-acceptance People with low self-esteem are vulnerable. Due to their negative view of themselves they have an increased risk of developing psychological problems. With optimal self-acceptance you feel safe, balanced, totally confident and happy about who you are. The authors explain that your mood and well-being will improve considerably if you are able to accept yourself completely. Learn to tackle negative self-criticism by extra supporting and encouraging yourself. Psychologists Fred Sterk and Sjoerd Swaen are, in addition to their work as psychotherapists, best-selling authors of a series of successful self-help books. Their books are widely used in the Netherlands as motivation-books in the areas of mental-health, education and business/management. www.sterk-swaen.nl
