

## The Hero of Little Street

Action, adventure, and time travel combine in the final book of an award-winning trilogy. Narrowly escaping from a gang of bullies, a boy slips into a grand old gallery--the perfect hiding place, full of mystery and treasures. Suddenly, a painting comes to life and the boy finds himself on an adventure led by a mischievous dog that has leapt from the canvas. The two slip into a Vermeer painting and are transported to Little Street, Delft in seventeenth-century Holland, where the boy has to use every ounce of his ingenuity to rescue his new friend from an untimely fate. The third book in the Boy, Bear series, *The Hero of Little Street* is packed with thrilling escapades from start to finish. Gregory Rogers's cast of much-loved characters come together once again in this triumph of visual storytelling.
