

## This Will Be & You Will See

Last summer while enjoying some quality time with her daughters, the idea of writing a book for children inspired Dr. Casi Stubbs to put her creative thoughts into motion. Geared toward kids between the ages of 2 and 8, Dr. Stubbs new book, *This Will Be and You Will See* (2013), is about that rare precious moment a parent cherishes with their children. A simple day at the beach building sandcastles, bicycle riding on trails between the tall sea grass then stopping for triple-decker ice cream cones and making new friends translates actually into one cleverly-constructed narration of a mothers spiritual journey to prepare her two daughters for a happy, fulfilling life. With such amazing scenes depicted in various beach settings nuanced directly from the Emerald Coast by childrens book illustrator, Gina Ricci, every reader will revisit *This Will Be* like its a way of bringing the beach home with them (sans the sand), figuring out the mystery of precisely where each drawing in the book is located. Give someone the gift of reliving their own personal beach experience of 30A.
