

The Be Brave Bear

The Be Brave Bear is the second book in a series involving the loving relationships within families and the connection that evolves through childhood, between a child and their family Teddy Bear. The Be Brave Bear is a look inside a family whose son was called into active duty during a time of world tension. The book reflects the normal wrestling of emotions that each family member is experiencing. The Passed Down Teddy serves as the anchor of inspiration for a physical demonstration of love and bravery for all, manifested in the gifting of the Be Brave Bear to brother.
