

Stink and the Attack of the Slime Mold

Aaagh! Crawl slowly for your lives! Stink kicks off his second decade with a super-funny homage to an oozy-goozy organism. Glip! Glop! Gloop! What looks like dog vomit, smells like a corpse flower, and stars in one of the scariest movies Stink Moody has ever seen? Is it the Blob? The Glob? The Son of Glob? No, it's...slime mold! Stink may be a super science freak, but even Dr. Stinkelstein is feeling freaked out about having a slime mold living and growing in his very own room. At Saturday Science Club, Stink learns that these one-celled organisms are smart enough to find their way out of mazes and gang up on food sources? so who says they aren't smart enough to take over Stink's pets, Stink's room, Stink himself, and...the world? Vintage horror flicks meet classic Star Trek episodes as a wary Stink (with some help from Dr. Judy Moody) comes to know and love an unusual new pet in a hilarious adventure that sneaks in factoids at each chapter's end.
