

Merri & Dothann: A Younglings of Dunnottar Book From the series They Are My Song

Merri and Dothann come to us on Dunnottar in the year 487 CE to complete the core group of our Younglings of Dunnottar. Before their arrival, their Kin Cousins Diann, Corbed, Brann, and Rua - who have been studying geography in their lessons - land themselves in a predicament they need help getting out of. Luckily for them, help shows up in the nick of time! Unlike the other Kin Cousins, barring Brann, Merri and Dothann are coming HOME home. Although they have spent their lives (eleven and seven years respectively) traveling with their parents as they learn and teach on the Continent, their mother Alianora grew up on Dunnottar. She is taking her own family home to her very own house among her very own sisters and parents. The journey is long and dangerous, although we don't dwell on the dangers. We do, however, get to share bits and pieces of the places they stop at on their way HOME home. The undiluted joy of their arrival triggers thoughts in the minds of the other Kin Cousins of less joyful arrivals - something they need to work through. Now that Merri and Dothann have joined us, the Younglings of Dunnottar can and do begin forging the powerful team they are to become. They start trying to change their world - at least that's what the adventure they get themselves into while discussing world events in their play pretend clearing in the Forest is SUPPOSED to do. The play pretend doesn't turn out at all the way they thought it would and they are stunned at what really happens. Some of the darkness of the world they've all had experience with creeps into their spirits. The Younglings of Dunnottar need to find and be able to keep their balance, individually and as a group. They have a Destiny to fulfill, a Legacy to protect and preserve - and the odds are against them the way it is. As the darkness threatens, they must find their way to the balance they need. Fortunately

for the Younglings of Dunnottar, the rest of Dunnottar is not lacking in Power and the wisdom to wield it.
