

Centrepoint

A raw list of the authors experiences and resolutions over an intense three-year period. A serendipitous symphony of the disappointments, the betrayals, the sheer humanness of herself and her neighbours and subsequently, her own growth. The result? A response to modern lifes vulgarities squeezed into 120 fast thoughts. An ideal read for your travels and that inevitable wait. Recommended for college grads and working folks alike, or if like myself, you are a bit of a mirage and constantly evolving.
