

The Light That Shines: Through the Fields of Fear

The Light That Shines focuses attention on the current issues impacting the lives of many people here on earth, who have been led through the fields of fear, distrust, and confusion. We have been living for centuries under various sets of lies, designed to separate us from each other and, more importantly, to separate us from ourselves. This separation has had dire consequences on our societies. It is time to release these patterns of fear, distrust, and confusion, as they no longer serve us. It is time to recapture the essence of our humanity, bringing forth our light, living our truth, and manifesting a life of joy.
