

Afraid

What would life be like if all your fears came true? From the moment Malley Jordan opens her eyes on earth, her fears become real. Even the fears of others are subject to her curse. The constant turmoil in her life causes her to be alienated by nearly everyone, even by her parents. Her only possible friend is a mysterious guardian who comes only when she can't defend herself. But he hasn't appeared in two years. When she turns eighteen, Malley experiences nearly a full year fear-free. But, just when she's certain she isn't afraid of anything anymore, two mysterious men come into her life and change everything.
