

# Clan

Clans are Unity. No variation. No deviation. On Clades, to be a Clan is to be an exact copy. A perfect society cloning themselves to survive, even as the zombielike Frags threaten to overrun them on an unforgiving planet. Clan 1672 (privately known as Twain) was never supposed to survive the Incubation Tank. But he did. Illegally. He is different from the other Clans. A secret that could destroy him.
