

Casebook: Ghosts and Poltergeists (Top-Secret Graphica: The Terminal Diner Mysteries)

When hard-hitting magazines like TIME run articles on the existence of ghosts, one starts to believe that they're real, even with lack of evidence. Videos can be altered, temperature spikes can occur through environmental phenomena, and sounds can be traced sub-harmonic causes. This bone-chilling graphica book takes a look at ghosts and poltergeists, and allows the reader to discern fact from fiction.
