

## Raising Reptiles: Divide Within 100 (Rosen Math Readers)

Real-life situations and relatable narratives introduce students to the principles of multiplication and division, an essential part of third-grade math. Age-appropriate language encourages learning, which will help readers to become fluent in more complex math topics. Engaging visuals complement high-interest topics, while visually appealing designs help to make the math concrete. Readers will join a narrator on a tour of a reptile house, learning about each reptile and how to fluently divide. This volume meets CCSS Math Standard 3.OA.C.7.
