

Insects For Kids: A Childrens Picture Book About Insects

Have you heard of Alderfly? Earwig? or perhaps of a Dung Beetle? Are these insects unfamiliar to you? Insects For Kids: A Childrens Picture Book About Insects features over 90 different insects from A to Z. Some of the insects are commonly seen insects and the other insects are probably those you havent heard or seen before. This book contains amazing photos of these insects with easy to understand description of the insects characteristics, habitat, feeding habit, etc. It is truly a great book for young learners to enjoy with their family.
