Buy Apprentice Cat to start the magical adventure today! Interview with the Author Q - So, what makes the Master Cat series special? A As one reviewer said, its Harry Potter with Cats. Ive brought three of my favorite things into this series: fantastic magic, head-strong felines and a Christian worldview. In the world of the Malkins (an archaic word meaning cat) cats and humans partner up to do magic. The magic, in and of itself, is nothing more than a tool, but like any tool, it can be used for good or evil. The heroes in these tales fight to bring

the bad guys to justice while not losing themselves in a world where the ends justify the means. Q - What order should I read the books in? A - While you can read them in any order without getting completely lost, I suggest the following order for the best story-telling experience:

- Apprentice Cat - Secrets of the Malkin - Journeyman Cat - Huntress of the Malkin - Master Cat - Clash of the Malkin (coming soon) Q - So, why should readers give these books a try? A - If you enjoy books with talking animals, especially cats, like in Erin Hunters Warrior series or Shirley Murphy-Rousseaus Joe Grey Mysteries, youll feel right at home in the Malkin world. If you enjoyed the magic and mystery in Harry Potter, youll find a similar experience with this series. These books are also a good, clean stories. You can allow your young reader to explore the Malkin world without fear of foul language or suggestible situations and, while the themes and messages are Christian, Ive chosen to allow readers to find their own meaning within the stories. Q - Can readers get the whole series in one go? A - Not yet, but I have plans to put together boxed sets within the next few months.

Enjoy and thanks for reading!
