

Buddy the Talking Cat

Buddy is not your normal everyday cat; he is a white-and-black fur ball with a long shiny black tail. No, Buddy, is what all little cats aspire to be and all children would love to have. What makes this little fella so special? Well, to be honest, Buddy has a degree in science. He has majored in almost everything that you can go to college for. Did he go where humans go? Of course not, but that does not stop him from being able to tap into the wealth of knowledge available for the taking. At eight years old, Davey was having a hard time in school, but he had one friend he could always turn to: his cat, Buddy. Now if only others would believe him about Buddys magical gift- Buddy could talk! Join Davey as he shares the magic and wonder of Buddy the Talking Cat.
