

## Leave it to Richard

If only everyone would just leave it to Richard the world would be a much easier and better place. Unfortunately for him not everyone feels the same way and Richard is left to solve the problems they create through a mixture of brains, ingenuity and humour. Over a collection of five stories Richard, with the aid of his friends, Mike, Toby and Mel, plus the more measured opinions of his teacher, Mr Smithers, and long-suffering mother, manages to rescue victory from the jaws of defeat.
