

## Emotional Self-Defense Against Emotional Predators:

A predator stalks the singles scene, looking to trick hopeless romantics and wreak emotional havoc. As the name suggests, emotional predators use emotional manipulation to mislead vulnerable and lonely souls, and these romantic swindlers have escaped the spotlight for far too long. Most everyone has experienced the pain of a broken heart, but when you are a victim of deliberate emotional manipulation, the heartache is that much more intense. Emotional Self-Defense Against Emotional Predators will help you arm yourself against emotional con artists. Learn how to stave off the assaults against your heart, sharpen your mental perception, and be ready to date again in as little as three weeks!
