

Rudy and Cirrus of Karma

A boy named Rudy breaks his mom's treasured vase and blames his little brother and sister. His mom sends him on an errand and he soon discovers sometimes even on a regular day typical things can lead to strange encounters. Excerpt: Rudy looked up, and towering over his head he saw the strange cloud, and froze as it said, I'm Cirrus of Karma, I've three wishes to grant you. Make the first this instant, or you'll have only two. Caught off guard to make a wish fast, Rudy chose pizza with no time to pass. I grant you your pizza, the cloud bellowed down, and Rudy ate pizza alone in the ground.
