

Children of the Night School: How to Put Your Nightmares to Bed

Are your young ones afraid of the dark? Are there monsters under their beds? Don't hide the horrors of the night from your kids. Feed the beasts! One father fed his young daughters lust for monsters by creating a monstrous world of prose and poetry that led to peaceful nights full of gruesomely happy dreams. Featuring artwork by elementary school students to lend a true kid-friendly feel to the book. Also includes a full-length short story Mary Christmas and the Beast of Brooklyn which was written by the father/daughter duo and it packs plenty of terror for more advanced readers.
